

INTERNET AND SCHOOL NETWORK PERMISSION - (both parent and student must sign)

Below is the code of conduct for the use of the school network and Internet, to which every student must agree before obtaining access. If you DO NOT want your child/children to have Internet access, please inform the Principal of your decision, in writing.

Code of Conduct For Use Of The School Network & The Internet

The simplified code of conduct applies at all times, in and out of school hours, whilst using school equipment.

Please read it carefully: it involves potential criminal action as well as breach of school rules.

You should:

- Only, with permission, access websites that are appropriate for use in school.
- Be careful of what you say to others and how you say it.
- Respect copyright and trademarks. (You cannot copy material without give credit to the person or company that owns it.)
- Check with a teacher before opening e-mail attachments or completing on-line questionnaires or subscription forms.

You must not:

- Use anyone else's Username.
- Download games or other programs from the Internet.
- Use chatrooms or external email services (e.g. Hotmail).
- Send, access or display offensive messages or pictures.
- Give your name, address, telephone number or any other personal information about yourself or others to anyone you write to.
- Use or send bad language.
- Intentionally waste resources thus preventing use by others.

Please note:

- User areas on the school network will be closely monitored and staff may review your files and communications to maintain system integrity.
- **Failure to follow the code will result in loss of access and further disciplinary action may be taken if appropriate.**
- **If applicable, external agencies may be involved, as certain activities may constitute a criminal offence.**
